

# Existentialism in Education

Philosophy of Education: Existentialism. ? It is the modern philosophical view which takes the TAO as its starting point. ? It is subjective. ? Humans possess free will and stand in an absurd and meaningless world or universe. ? Every individual is unique. Existentialism. The nature of reality for Existentialists is subjective, and lies within the individual. The physical world has no inherent meaning outside of human existence. Individual choice and individual standards rather than external standards are central. Existence comes before any definition of what we are. Further, this also deals with implications of existentialism in selection of aim of education, organization of curriculum, role of teachers and students and school. Existentialism is a philosophy that emphasizes individual existence, freedom and choice. It is the view that humans define their own meaning in life, and try to make rational decisions despite existing in an irrational universe. EXISTENTIALISM AND EDUCATION. BY ARTURO B. FALLZCO.
